9	Input Services Ancillary Charges	9

1. Introduction

- 1.1. This Input Services Price List sets out the Charges for the Input Services and associated Input Services Ancillary Services from 1 January 2020 and provides a mechanism to make any adjustments to the Charges.
- 1.2. The Charges for the Input Services will be subject to an annual review by the LFC in accordance with the equivalence standard in the Undertakings, and any adjustments to the Charges following that review will apply from 1 January each year.
- 1.3. References to the Operations Manual are references to the Input Services Operations Manual. The operational requirements for each Input Service are set out in the Operations Manual.
- 1.4. References to clauses or sections are references to clauses or sections in this Input Services Price List unless expressly provided otherwise. The definitions set out in the Input Services Wholesale Services Agreement General Terms (**General Terms**) and the relevant Input Services Operations Manuals apply to this Input Services Price List to the extent that they are not expressly modified by or inconsistent with the context of this Input Services Price List.

1.5. Definitions

In this Input Services Price List:

Access Seeker On-Boarding Process means the process to set up a new Access Seeker involving the establishment of commercial relationships, co-location, OSS/BSS interfaces, interconnection links and layer two interoperability;

Charges means Input Services Ancillary Charges, Recurring Charges and Transactional Charges, as the context requires;

Core Charges means Transactional Charges and the Recurring Charges;

Input Services Ancillary Charges are the charges for the Input Services Ancillary Services set out in Appendix 3;

Recurring Charges are the monthly recurring charges for Input Services set out in Appendix 2; and

Transactional Charges are charges (primarily for one-off activities) in respect of specific Input Services that are set out in Appendix 1.

2. Charges

- 2.1. The services referred to in Appendix 3 are the Input Services Ancillary Services.
- 2.2. Transactional Charges and Input Services Ancillary Charges can be either:
 - 2.2.1. fixed;
 - 2.2.2. calculated on a fixed hourly rate (plus materials where applicable); or
 - 2.2.3. expressed as "price on application" (**POA**) to reflect the underlying cost of providing the resources and project management skills required to provide the relevant Input Service.
- 2.3. For all POA price items, the LFC must, if requested by the Access Seeker, use all reasonable endeavours to provide the Access Seeker with 2 or more competitive quotes.

- 2.4. Charges will become due and payable and will be invoiced in the manner described in the Appendices, subject to the provisions in the General Terms relating to invoicing and payment of Charges.
- 2.5. All prices in this Input Services Price List exclude GST and are payable by the Access Seeker inclusive of GST.

3. Adjustment to Input Services Ancillary Charges

The LFC may adjust the Input Services Ancillary Charges in Appendix 3 at the LFC's discretion (and without requiring any approvals under this Input Services Price List or under the General Terms) on 30 Business Days' notice to the Access Seeker.

4. Early Termination Charges

- 4.1. This clause 4 sets out when Early Termination Charges (as defined under clause 4.3) are payable by the Access Seeker and how those Early Termination Charges are calculated.
- 4.2. Each Input Service is subject to a Minimum Service Term.
- 4.3. If:
 - 4.3.1. the Access Seeker terminates or otherwise relinquishes an Input Service prior to the expiry of the applicable Minimum Service Term (other than where the Access Seeker has terminated the Agreement or the applicable Input Services Service Order in accordance with clause 22.1 of the General Terms); or
 - 4.3.2. the LFC terminates the supply of an Input Service to the Access Seeker prior to the expiry of the applicable Minimum Service Term in accordance with clause 22.1 of the General Terms,

and that Input Service is or was the first Input Service to be provided to the relevant End User Premises or End User Tenancy within a MDU (as applicable) using the LFC's Network then that will be an early termination event (an **Early Termination Event**) for which early termination charges (**Early Termination Charges**) will be payable by the Access Seeker (unless waived by the LFC in accordance with clause 4.4).

- 4.4. The LFC may, at its discretion, elect to waive Early Termination Charges that become payable by the Access Seeker.

General Rule

- 4.5. Except as expressly stated in the General Terms or provided for in this clause 4, in the event of an Early Termination Event, the LFC may require the Access Seeker to pay to the LFC Early Termination Charges equal to the remaining number of months (or part months) in the Minimum Service Term multiplied by the monthly Charge for the relevant Input Service.

APPENDIX 1 – TRANSACTIONAL CHARGES

1 PONFAS Distribution Fibre Service

Service component	Description	Charge invoiced	Charge
1.1 PONFAS Lead-in Installation – Residential Connection	<p>The establishment of a new service instance of the PONFAS Distribution Fibre Service where a new Lead-in is required (i.e. no existing spare fibres or intact PONFAS Distribution Fibre Service from the FAP to the End User Premises or Tenancy).</p> <p>Standard Installation Only.</p> <p>Residential Connections Only.</p> <p>The service is established from the provision of a Standard Install as described in the Input Services Operations Manual.</p>	Following notification by the LFC of completion of Input Services Service Order	No Connection Fee for Residential Connections
1.2 PONFAS Lead-in Installation – Business Connection	<p>The establishment of a new service instance of the PONFAS Distribution Fibre Service where a new Lead-in is required (i.e. no existing spare fibres or intact PONFAS Distribution Fibre Service from the FAP to the End User Premises or Tenancy).</p> <p>Standard Installation Only.</p> <p>Business Connections Only.</p> <p>The service is established from the provision of a Standard Install as described in the Input Services Operations Manual.</p>	Following notification by the LFC of completion of Input Services Service Order	Charge equivalent to 1 month's recurring fee for the PONFAS Distribution Fibre Service Error! Bookmark not defined.
1.3 PONFAS Distribution Fibre Service (Intact Premises/No PONFAS) – Residential Connection	<p>The establishment of a new service instance of the PONFAS Distribution Fibre Service where an intact Lead-in can be used and PONFAS Distribution Fibre Service has not been previously connected at the Premises or End User Tenancy.</p> <p>Standard Installation Only.</p> <p>Residential Connections Only.</p> <p>The service is established from the provision of a Standard Install as described in the Input Services Operations Manual.</p>	Following notification by the LFC of completion of Input Services Service Order	No Connection Fee for Residential Connections
1.4 PONFAS Distribution Fibre Service (Intact Premises/No PONFAS) – Business Connection	<p>The establishment of a new service instance of the PONFAS Distribution Fibre Service where an intact Lead-in can be used and PONFAS Distribution Fibre Service has not been previously connected at the Premises or End User Tenancy.</p> <p>Standard Installation Only.</p> <p>Business Connections Only.</p> <p>The service is established from the provision of a Standard Install as described in the Input Services Operations Manual.</p>	Following notification by the LFC of completion of Input Services Service Order	Charge equivalent to 1 month's recurring fee for the PONFAS Distribution Fibre Service
1.5 PONFAS Distribution Fibre Service (Intact Premises / Previous PONFAS) – Residential Connection	<p>The establishment of a new service instance of the PONFAS Distribution Fibre Service where an intact Lead-in can be used and PONFAS Distribution Fibre Service has been previously connected at the Premises or End User Tenancy.</p> <p>Standard Installation Only.</p> <p>Residential Connections Only.</p> <p>The service is established from the provision of a Standard Install as described in the Input Services Operations Manual.</p>	Following notification by the LFC of completion of Input Services Service Order	No Connection Fee for Residential Connections

Service component	Description	Charge invoiced	Charge
1.6	<p>PONFAS Distribution Fibre Service (Intact Premises / Previous PONFAS) – Business Connection</p> <p>The establishment of a new service instance of the PONFAS Distribution Fibre Service where an intact Lead-in can be used and PONFAS Distribution Fibre Service has been previously connected at the Premises or End User Tenancy.</p> <p>Standard Installation Only.</p> <p>Business Connections Only.</p> <p>The service is established from the provision of a Standard Install as described in the Input Services Operations Manual.</p>	Following notification by the LFC of completion of Input Services Service Order	Charge equivalent to 1 month's recurring fee for the PONFAS Distribution Fibre Service

2 PONFAS Feeder Fibre Service

Service component	Description	Charge invoiced	Charge
2.1	<p>PONFAS Feeder Fibre Service New Connection</p> <p>The establishment of a new service instance of the PONFAS Feeder Fibre Service (including Splitter).</p> <p>The service is established from the provision of a Standard Install as described in the Input Services Operations Manual.</p>	Following notification by the LFC of completion of Input Services Service Order	No Connection Fee

3 Input Direct Fibre Access Service

Service component	Description	Charge invoiced	Charge
3.1	<p>Input Direct Fibre Access Service New Connection</p> <p>The establishment of a new service instance of the Input Direct Fibre Access Service (i.e. there is no Input Direct Fibre Access transfer).</p> <p>The service is established from the provision of a Standard Install as described in the Input Services Operations Manual.</p>	Following notification by the LFC of completion of Input Services Service Order	Charge equivalent to 2 months' recurring fee for Input Direct Fibre Access Service
3.2	<p>Provision of Priority User service route diversity</p> <p>Provision of diversity to an End User that is a Priority User and within the diversity areas specified in the Input Services Service Description, comprising a separate diverse fibre from a common FAP at the End User Premises to a single point of entry and the LFC's OFDF at a single Central Office, which may include construction of a diverse duct and cabling route from the FAP at the End User Premises to Central Office, but excluding where the End User Premises does not have an alternative road access route from the relevant Central Office within the Candidate Area.</p>	Following notification by the LFC of completion of Input Services Service Order	Charge equivalent to 2 months' recurring fee for the new diversity service
3.3	<p>Provision of Priority User service route and entry point diversity</p> <p>Provision of diversity to an End User that is a Priority User and within the diversity areas specified in the Input Services Service Description, comprising a separate diverse fibre from a separate FAP at the End User Premises to a single point of entry and the LFC's OFDF at a single Central Office, which may also include construction of a diverse duct and cabling route from Premises to Central Office, but excluding where the End User Premises does not have an alternative road access route from the relevant Central Office within the Candidate Area.</p>	Following notification by the LFC of completion of Input Services Service Order	Charge equivalent to 2 months' recurring fee for the new diversity service

4 Input Central Office and POI Co-location Service

Non-recurring Charges for the Input Central Office and POI Co-location Service are found under Ancillary Charges in Appendix 3.

APPENDIX 2 – RECURRING CHARGES

5 PONFAS Distribution Fibre Service

Service component	Description	Charge Invoiced	Charge
5.1 PONFAS Distribution Fibre Service Monthly Charge	PONFAS Distribution Fibre Service as per the PONFAS Service Description. Standard monthly rental.	Monthly	\$48.97

6 PONFAS Feeder Fibre Service

Service component	Description	Charge Invoiced	Charge
6.1 PONFAS Feeder Fibre Service Monthly Charge	PONFAS Feeder Fibre Service as per the PONFAS Service Description. Standard monthly rental.	Monthly	\$184.00

7 Input Direct Fibre Access Service

Service component	Description	Charge Invoiced	Charge
7.1 Input Direct Fibre Access Service Monthly Charge	Input Direct Fibre Access Service standard monthly rental.	Monthly	\$232.43
7.2 Priority User service route diversity	Diversity service to an End User that is a Priority User and within the diversity areas specified in the Input Services Service Description, comprising a separate diverse fibre from a common FAP at the End User Premises to a single point of entry and the LFC's OFDF at a single Central Office.	Monthly	POA
7.3 Priority User service route and entry point diversity	Diversity service to an End User that is a Priority User and within the diversity areas specified in the Input Services Service Description, comprising a separate diverse fibre from a separate FAP at the End User Premises to a single point of entry and the LFC's OFDF at a single Central Office.	Monthly	POA
7.4 Priority User service route, entry point and Central Office diversity	Diversity service to an End User that is a Priority User and within the diversity areas specified in the Input Services Service Description, comprising a separate diverse fibre from a separate FAP at the End User Premises to a separate point of entry and a separate LFC OFDF at a single Central Office, or to a second Central Office.	Monthly	POA

8 Input Central Office and POI Co-location Service

Service component	Description	Charge Invoiced	Charge
8.1 Input Central Office and POI Co-location Service Footprint monthly Charge	Input Central Office and POI Co-location Service 600 x 400 footprint standard monthly rental. Central Office classification in Operations Manual.	Monthly	\$1,520.56

APPENDIX 3 – ANCILLARY CHARGES

9 Input Services Ancillary Charges

Service component	Description	Charge invoiced	Charge
9.1 UFB1 Single Dwelling Unit – Non-Standard Fibre Lead-in (Fibre Access Point to ETP) for new connection of relevant Input Services	Additional charge for Premises Lead-in connections for a Single Dwelling Unit where the Fibre Lead-in (from Fibre Access Point to the ETP) exceeds the Standard Install distance specified in the Operations Manual.	Will be charged for a non-standard install with approval from the retailer following the completion of the service order	\$0
9.2 Single Dwelling Unit – Non-Standard internal cabling/wiring for new connection of relevant Input Services	Additional charge for Premises Lead-in connections for a Single Dwelling Unit where the extension of the Fibre Lead-in from the ETP to: <p>(a) a suitable mounted SC/APC connector at a secure location inside the End User Premises (as applicable); or</p> <p>(b) if there is a LFC OFDF beyond the ETP, a splice or LCA connector on the LFC's OFDF,</p> <p>is greater than the Standard Install distance specified in the Operations Manual.</p>	Will be charged for a non-standard install with approval from the retailer following the completion of the service order	\$0 per additional internal metre (residential connections only) \$8.80 per additional internal metre (all other connection types)
9.3 UFB1 MDU End User – Non-Standard Fibre Lead-in (Fibre Access Point to a LFC OFDF) for new connection of relevant Input Services	Additional charge for Premises Lead-in connections for an MDU End User where the Fibre Lead-in (from Fibre Access Point to the LFC's OFDF or equivalent within the MDU) exceeds the Standard Install distance specified in the Operations Manual.	Will be charged for a non-standard install with approval from the retailer following the completion of the service order	\$0
9.4 MDU internal reticulation	MDU installation will require provision of backbone cabling in an MDU to extend the Fibre Lead-in to the End User Tenancy (including vertical riser cabling or horizontal building reticulation) as agreed with Access Seeker and building owner or their agents. This item recovers the additional cost (if any) for installation of the backbone cable over the standard contribution the LFC provides.	Following notification by the LFC of completion of Input Services Service Order	Time and materials subject to following rules: Based on an hourly rate of \$106 per hour for design and an hourly rate of \$90 per hour for installation plus material costs In respect of each MDU, the LFC will contribute, at its own cost, MDU internal reticulation services (time and materials) equal to the value of \$1,000 multiplied by the number of individual tenancies in the MDU (the LFC Contribution) The LFC will only charge for MDU internal reticulation services which exceed the LFC Contribution

Service component	Description	Charge invoiced	Charge
9.5 MDU End User – Non-Standard internal cabling/wiring within End User Tenancy for new connection of relevant Input Services	<p>Additional charge for Premises Lead-in connections for an MDU End User where the extension of the Fibre Lead-in from the ETP at the End User Tenancy (or, if there is no ETP at the End User Tenancy, from the boundary of the End User Tenancy) to:</p> <p>(a) a suitable mounted SC/APC connector at a secure location; or</p> <p>(b) if there is a LFC OFDF beyond the ETP, a splice or LCA connector on the LFC's OFDF,</p> <p>within the End User Tenancy is greater than the Standard Install distance specified in the Operations Manual.</p>	Will be charged for a non-standard install with approval from the retailer following the completion of the service order	<p>\$0 per additional internal metre (residential connections only)</p> <p>\$8.80 per additional internal metre (all other connection types)</p>
9.6 Provision of Priority User service route, entry point and Central Office diversity	Provision of diversity to an End User that is a Priority User and within the diversity areas specified in the Input Services Service Description, comprising a separate diverse fibre from a separate FAP at the End User premises to a separate point of entry and a separate LFC OFDF at a single Central Office, or to a second Central Office, which may also include construction of a diverse duct and cabling route from premises to separate points of entry and separate LFC OFDFs at a single Central Office, or to a second Central Office.	Following notification by the LFC of completion of Input Services Service Order	<p>POA - time and materials</p> <p>Based on an hourly rate of \$106 per hour for design and an hourly rate of \$90 per hour for installation plus material cost</p>
9.7 No fault found	Fixed charge for fault call that is closed "no LFC fault found".	Following completion of fault investigation	<p>\$104.83 – Truck roll</p> <p>\$40 – no truck roll required</p>
9.8 Inability to complete request	<p>Fixed charge for work that cannot be completed either because:</p> <ul style="list-style-type: none"> of a cancellation by Access Seeker or End User after the Input Services Service Order has been passed by the LFC to its service company; or where access cannot be gained to End User's site at the agreed time where a site visit is required to deliver the Input Service, <p>for a reason not caused by the LFC. This charge will not apply where access was prevented by a Force Majeure Event.</p>	Following site visit or cancellation	<p>\$170</p> <p>Based on two hours of service company installer at \$85 per hour</p>
9.9 Access Seeker Operational Readiness Programme: testing, training and consultation	As part of the Operational Readiness Programme, the first 50 hours training and 25 hours of testing and consultation are provided free of charge. Additional training initially or later will be at indicated price.	Following notification by the LFC of completion of Input Services Service Order	<p>Time and materials</p> <p>Interoperability testing \$150 per hour</p> <p>Training \$99.70 per hour</p> <p>plus actual travel costs (as applicable the costs of airplane flights, public transport fares, taxi fares and standard mileage rates for motor vehicles as published by Inland Revenue) to Access Seeker's site</p>

Service component		Description	Charge invoiced	Charge
9.10	Additional staff training	Charge for Access Seeker staff training (at Access Seeker's site) on the operation and use of OSS/ BSS. Maximum of 10 persons per course.	Following completion of training	Time and materials Training \$99.70 per hour plus actual travel costs (as applicable the costs of airplane flights, public transport fares, taxi fares and standard mileage rates for motor vehicles as published by Inland Revenue) to Access Seeker's site
9.11	Subsequent development of new Input Service	Development of new Input Service Templates as part of Product Development Process including testing and consultation.	Following completion of Product Development Process	Time and materials Interoperability testing and consultation \$150 per hour plus materials
9.12	Manual line testing and site investigation	Measurements performed by a specialist group of service company staff to ascertain actual rather than theoretical estimated Input Service characteristics, such as might be required when an estimated result has returned a value that is marginal for an intended service. Includes site investigations.	Following completion of investigation	Time and materials Based on an hourly rate of \$85 per hour plus material cost
9.13	Additional Charges	Charges for the services provided by LFC referred to in clause 7.2 of the General Terms to the extent not already covered by another Input Services Ancillary Charge.	Following notification by the LFC of completion of Input Services Service Order	Time and materials Based on hourly rates of: Office resource \$99.70 Field technician \$85 Central Office technician \$90 plus material cost
9.14	Non-specified Ancillary Charges	Where the Access Seeker requests a service not already covered in the Input Services Price List and LFC agrees to provide that service.	Following notification by the LFC of completion of Input Services Service Order	Time and materials Based on hourly rates of: Office resource \$99.70 Field technician \$85 Central Office technician \$90 plus material cost
9.15	Co-location space construction	Set up of a new instance of, or change to, Input Central Office and POI Co-location Service. The set-up of a new co-location site for Access Seeker will vary for each exchange and will include the following components: <ul style="list-style-type: none"> - Power feeds enhancement (DC) - Air conditioning enhancement - Seismic rack mounts - Cable tray and rack construction - Exchange manhole breakout - Room construction including items such as demolition and reconstruction of rooms; refurbishment of floor, wall and ceiling surfaces; construction of caging; installation of security systems; obtaining necessary permits and approvals; design; project management 	Following notification by the LFC of completion of Input Services Service Order	Time and materials Based on an hourly rate of \$106 per hour for design and an hourly rate of \$90 per hour for installation plus material cost

Service component	Description	Charge invoiced	Charge
9.16 Tie Cable installation	Charge for the LFC installing the optic fibre tie cable pairs used to connect the block or splice tray on the LFC's MOFDF and either the Access Seeker's footprint or the network cable to remotely located equipment of Access Seeker, including cable trays and other associated infrastructure. (See full requirements in the Operations Manual.)	Following notification by the LFC of completion of Input Services Service Order	Set up charge plus time and materials Based on a set up charge of \$184 plus an hourly rate of \$90 per hour plus material cost
9.17 Co-location accreditation training	Co-location unaccompanied access accreditation training (including the provision of an access card)	Following notification by the LFC of completion of training	\$250.00/participant This fixed fee is calculated based on a 2 hour course duration with a skilled trainer (cost \$99.70 per hour) plus course materials
9.18 Tie Cable change or re-termination	A fibre change or re-termination requiring the changing of splice/connector change at the LFC's MOFDF to effect a port change.	Following completion of re-termination	Time Based on an hourly rate of \$62 per hour
9.19 Fixing fault where Access Seeker has no right of access	Charge for fixing of fault by the LFC, at Access Seeker's request, where Access Seeker is responsible for the fault, but has no right of access.	On completion of fault rectification	Set up charge plus time and materials Based on a set up charge of \$184 plus an hourly rate of \$90 per hour plus material cost
9.20 Input Central Office and POI Co-location Service Relinquishment	Where the Access Seeker terminates supply of the Input Central Office and POI Co-location Service in respect of a particular Central Office. This entails LFC updating its records and billing.	Following notification by the LFC of completion of Input Services Service Order	Early Termination Charge (if any) in accordance with clause 4 in the Input Services Price List
9.21 PONFAS Distribution Fibre Transfer – Between Access Seekers	The transfer of an active PONFAS Distribution Fibre service instance from one Access Seeker to another, as authorised by the End User (including Truck Roll).	Following notification by the LFC of completion of Input Services Service Order	\$85
9.22 PONFAS Distribution Fibre Change – Same Access Seeker	The transfer of an active PONFAS Distribution Fibre service instance from one Access Seeker splitter to another splitter for the same Access Seeker in the same FFP (including Truck Roll).	Following notification by the LFC of completion of Input Services Service Order	\$85
9.23 PONFAS Distribution Fibre Termination	Termination of a PONFAS Distribution Fibre service instance (including Truck Roll).	Following notification by the LFC of completion of Input Services Service Order	\$85
9.24 PONFAS Feeder Fibre Splitter Change	The change of splitter ratio for an existing Feeder Fibre service instance (including Truck Roll).	Following notification by the LFC of completion of Input Services Service Order	\$85 per hour + materials
9.25 PONFAS Feeder Fibre Termination	Termination of a PONFAS Feeder Fibre service instance (including Truck Roll).	Following notification by the LFC of completion of Input Services Service Order	\$130
9.26 Input Direct Fibre Access Service Termination	Termination of an Input Direct Fibre Access service instance (including Truck Roll).	Following notification by the LFC of completion of Input Services Service Order	\$0
9.27 Bidirectional OTDR Test	Bidirectional OTDR test of relevant Input Services.	Following notification by the LFC of completion of Input Services Service Order	\$90 per hour

Service component		Description	Charge invoiced	Charge
9.28	End User No-Show	End User is not available at the agreed location (e.g. Premises, End User Tenancy) and/or on the date and/or time agreed with the LFC (or their agent); and the LFC is unable to undertake the intended works (e.g. scoping visit, service activation).	Following site visit cancellation or reschedule	\$170
9.29	Move Existing Internal Termination Point (ITP)	Relocation of an ITP for a PONFAS Distribution Fibre Service or iDFAS within a single End User Premises or End User Tenancy (i.e. under the same roof line).	Following notification by the LFC of completion of Input Services Service Order	\$365 minimum charge \$85 per hour (after 3 hours) + materials
9.30	Non-standard provision of diversity	Provision of diversity to an End User that is not a Priority User or outside the diversity areas specified in the Input Services Service Description may also include diverse entry from FAP to the LFC's OFDF, diverse entry to Central Office and construction of a diverse duct and cabling route from Premises to Central Office.	Following notification by the LFC of completion of Input Services Service Order	Time and materials Based on an hourly rate of \$106 per hour for design and an hourly rate of \$85 per hour for installation plus material cost.
9.31	Coordinated installation or transfer	Project management of special installations or transfers (if request is cancelled costs to date will be billed).	Following notification by the LFC of completion of Input Services Service Order	\$99.70 per hour
9.32	Critical Response SLA	LFC technician is On-Site (at either an exchange, cabinet or End User Premises) within 2 hours (for LFC Metro Areas) or within 4 hours (for LFC non-Metro Areas) of the PONFAS Distribution Fib3re Service / PONFAS Feeder Fibre Service / Input Direct Fibre Access Service fault being logged and received by the LFC.	Following notification by the LFC of completion of Critical Response SLA	\$795 for each PONFAS Distribution Fibre Service / PONFAS Feeder Fibre Service / Input Direct Fibre Access Service
9.33	Power Supply (for footprint/ rack)	Input Central Office and POI Co-location Service power monthly rental. Central Office classification in Operations Manual.	Monthly	Table below

Power Supply (for footprint/rack)					
DC Circuit Breaker		AC Circuit Breaker			
		Not UPS Supported		UPS Supported	
DC Fuse Size	Price	AC Circuit Size Breaker AMP Size	Price	AC Circuit Size Breaker AMP Size	Price
6	\$40.00	1	\$26.00	1	\$30.00
10	\$65.00	2	\$55.00	2	\$60.00
16	\$105.00	3	\$80.00	3	\$85.00
20	\$135.00	4	\$105.00	4	\$110.00
25	\$165.00	5	\$130.00	5	\$140.00
32	\$210.00	6	\$160.00	6	\$170.00
40	\$265.00	7	\$185.00	7	\$195.00
48	\$315.00	8	\$210.00	8	\$225.00
50	\$330.00	9	\$235.00	9	\$250.00
63	\$415.00	10	\$260.00	10	\$280.00
